All classes earn high school graduation credit. 1 pd of semester work earns 0.5 cr. In many surrounding districts, the same class will earn 1.0 cr.

An asterisk (*) denotes dual college credits and a weighted HS GPA calculation (A=5.0)

Year II and III course requests will be taken in the student's current CC class.

There may be added credits to your class next year. However, it won't increase the time you spend at CC.

Out-of-District or Non-DMPS students: please see your school counselor for information on making a CC course request.
